OFFICE OF PETITIONS

In re Application of	:	
Jaime Ramiro Carrillo	:	
Application No. 10/830,194	:	ON PETITION
Filed: April 22, 2004	:	
Attorney Docket No.	:	

This is in response to the communication, filed August 28, 2006, to revive the above-identified application, which is being treated as a petition to withdraw the holding of abandonment.

The petition is **DISMISSED**.

Any request for reconsideration of this decision should be submitted within two (2) months from the mail date of this decision and be entitled "Renewed Petition to Withdraw the Holding of Abandonment under 37 CFR 1.181." See 37 CFR 1.181(f).

On December 12, 2005, the Office mailed a non-final Office action, which set a three month shortened statutory period to reply. The application became abandoned on March 13, 2006, for failure to submit a timely response to the December 12, 2005 Office action. On July 25, 2006, the Office mailed a Notice of Abandonment.

In the present petition, petitioner requests that the Office withdraw the holding of abandonment. Specifically, petitioner states "for the reason my reply on 1 March 2006 was lost after it was received on 2 March 2006 by the United States Patent and Trademark Office."

The Express Mail label and the U. S. Postal Service (USPS) receipt dated March 1, 2006 does not show evidence that the response to the December 12, 2005 Office action was enclosed. It is important that the petitioner provide a return postcard which itemize all of the components of the response. If the postcard does not itemize each of the components, it will not serve as evidence that any component which was not itemized was received by the United States Patent and Trademark Office (USPTO).

MPEP 503 states "[a] post card receipt which itemizes and properly identifies the papers which are being filed serves as *prima facie* evidence of receipt in the USPTO of all the items listed thereon on the date stamped thereon by the USPTO."

ALTERNATIVE VENUE

Petitioner is strongly encouraged to consider filing a petition under 37 CFR 1.137(b) to revive an unintentionally abandoned application instead of filing a renewed petition under 37 CFR 1.181 or a petition under 37 CFR 1.137(a).

A grantable petition pursuant to 37 CFR 1.137(b) must be accompanied by:

- (1) The reply required to the outstanding Office action or notice, unless previously filed. In nonprovisional utility application abandoned for failure to respond to a non-final Office action, the required reply may be met by filing either (A) an argument or amendment under 37 CFR 1.111 or (B) a continuing application under 37 CFR 1.53(b).
- (2) The petition fee as set forth in 37 CFR 1.17(m), **\$750.00 for a small entity**;
- (3) A statement that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional. The Director may require additional information where there is a question whether the delay was unintentional.

A form for filing a petition to revive an unintentionally abandoned application accompanies this decision for petitioner's convenience. If petitioner desires to file a petition under 37 CFR 1.137(b) instead of filing a request for reconsideration, petitioner must complete the enclosed petition form (PTO/SB/64) and pay the \$750.00 petition fee.

Petitioner may wish to consider hiring a registered patent attorney or agent to assist in the prosecution of this application. Additionally, petitioner is encouraged to contact the Inventors Assistance Center (IAC) by telephone at 800-786-9199 or 571-272-1000, Monday through Friday from 8:30 AM to 5:30 PM (EST). The IAC provides patent information and services to the public and is staffed by former Supervisory Patent Examiners and experienced Primary Examiners who answer general questions concerning patent examining policy and procedure.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.
